FEEDBACK FORM ANALYSIS REPORT

Department of commerce & Management

Feedback from Students:

- Students felt that faculty members to deliver courses to their full potential and give importance to their practical sessions.
- Students asked for more safety measures as they have working during their experimental project research work.
- Requisition process to be improved aiding raw material procurement for project work from Workshop department.
- Extended period request for students to enable to do project work and study in library during evening hours.

Action Taken Report:

- It is advised the junior faculty to attend classes headed by senior faculty to improve their subject knowledge and presentation skills.
- Faculty with exposure and competency to the particular lab is allotted with lab classes.
- The procedures to get materials from stores is explained to the students and simplified.
- HOD after reviewing the requests from the students, recommends for extended stay.

Feedback from Alumni

Based on feedback collected from Alumni's, average rating based on the following assessment criteria.

- Opportunity provided for improving communication skills
- Guidance on personality development and character building
- Input towards attitude improvement (such as self-motivation, level of confidence)
- Committed leaders of society to serve humanity
- Encouragement received towards highest studies and carrier enhancement.
- Academic support extended by the faculty
- Mentoring offered to the students follow up
- Motivation for co-curricular and extra-curricular activities
- Exposure to industry/industrial visits.

- In addition, the following suggestions were received from Alumnus
- Students can be taught in different perspective of applications so that they can come up with new innovations.
- More internship programs can be conducted for better industrial exposure.

Action Taken

- Several new reforms in academics are being introduced all over SSSUTMS University. These reforms are expected to improve innovations in the near future.

Student Feedback Action Taken Report

Name of Institute: School of Ayurveda & Siddha Studies

Department: Ayurveda

Course/ Branch: B.A.M.S.

After taking feedback from students certain points were discussed and solutions were provided for them.

S. No	Particular	Action Taken
1.	Exposure to latest medical innovations and advances should be known to the students	As per the suggestions from the students, experts were invited to take guest lectures on different topics of Ayurveda. This helped them to interact with the resource persons and motivate them to do higher studies and innovative knowledge.
2.	Students provided suggestions on teaching and demanding audio-visual learning.	The Feedback given by all the students, it was decided to make the teaching more understandable. Hence, all the departments were asked to design power point presentations to make audio-visual learning to the students.
3.	As per the syllabus different educational trips should be arranged.	The educational visits to the National Ayurveda institutes will be arranged.
4.	Certificate courses related to the modern sciences should be started.	Two certificate courses were conducted successfully as per the student suggestion.
5.	RO water facility can be improved.	The cleaning of the RO water coolers was asked to the Housekeeping department on regular basis.
6.	Weekly medical camps should be arranged at different places	As per the suggestions, medical camps are organized on various diseases (diabetes, HTN, skin diseases etc), which is helping the students to improve the practical skills
8.	More event and sport activities should be organized	Extra sport and curricular activities were arranged for the students.
9.	One hour Hospital visit should be arranged per day	Daily hospital visits were arranged for the students to see the OPD and IPD patients
10.	Some topics are reported by the students which were challenging for them	Concern experts will be called to solve the challenging topics

11.	Students demanded for self-choice to select the elective subjects of NCISM	The NCISM has already mentioned that the elective subjects should be selected by the students itself and our institute had made the whole arrangement for that.
12.	To provide extra time self-study during the college hours.	The library hours were increased along with more exposure to the digital library.

ALUMANI Feedback Action Taken Report
Overall Feedback Analysis

The Graph was obtained from alumni input on the quality of education they received and the level of preparation they had at University. It was also to assess the quality of the academic program.

The chart shows the percentage of respondents according to the following Questions:-

Registrar
Sri Satya Sai University of Technology
& Medical Sciences Sehore (M.P.)

How do you find the relevance of the curriculum of your degree in relevance with higher studies?
How do you find the relevance of the curriculum of your degree with respect to your current job?
How do you find the relevance of the curriculum of your degree with respect to your ability to link theory to practice?
How do you find the relevance of the curriculum of your degree with respect to your IT knowledge?

Alumni rated from 74% to 79% - Excellent, from 17% to 22% rated Very Good, from 5%-to 9% rated Good, from 2% to 5% rated Average, 0% 0% rated Poor.

Action Taken Report

The University has taken sets to enhance participation of alumni in college activities and events.

Prepared a plan to conduct lectures beyond the syllabus to cover recent trends in the Industry. Decided to conduct extra experiments for the courses during laboratory hours and plan more industry visits. Add-on programmes on computer languages and advanced technologies are introduced in the courses. Faculty and student participation in research activities has increased. Internships were fructified for students with corporate big wigs to develop their Practical skills, workplace experience and greater knowledge of that industry.

Hon'ble Vice Chancellor Pro. Mukesh Tiwari addressed all IQAC members and appreciated all IQAC members, Deans, HODs, faculties and Administrative Staff for their regular efforts towards enhancing quality of curricular, co-curricular, extra-curricular and other activities held in session 2019-20.

After taking feedback from students certain points were discussed and solutions were provided for them.

1. Student Feedback Action Taken Report

S. No	Particular	Action Taken
1	Exposure to develop entrepreneurial skills which will help them identify their potential was suggested	Entrepreneurship training and development by Indian Institute of Entrepreneurship training was introduced for postgraduate students. M.A in Women's studies and entrepreneurship was introduced. A Seven- day Faculty Training programme on "Women Entrepreneurship Development" was organised
2	Training for how to effectively prepare for personal interview and group discussions during recruitment was suggested	Trainings were arranged by the placement cell and communication skill and soft skill were strengthened. Activities that will enhance the communication skills of the students were encouraged
3	Skill development and job oriented courses were requested	Communication skills and soft skill trainings were given. Pre-placement trainings were given Mock interviews and tests were conducted The students were given guidance to how to prepare for bank exams, service commission exams and adequate training was provided for the same. The students were counselled for pursuing higher education and studies abroad In-plant training was given for the students from reserved category and economically weaker section. A special recruitment drive is organized for such trained students.
4	Teaching methods and teaching aids must be improved	ICT methods and smart boards were used for effective teaching. Computer centre promoted (FOSS) Free Open Source Software to all services will provided in the campus to runweb, mail, LDAP and MODLE
5	Exposure to latest developments and advances should be known to the students	Nearly 20 international speakers and more than 100 experts were invited to share their knowledge to our faculty and students This helped them to interact with the resource persons and weremotivated to do higher studies and take up jobs which has challenging future ahead.
6	Special mock tests covering the entire syllabus to enable the students to perform well in placement interview was suggested	This was arranged and the tests were conducted depending on the nature of the job and domain of the recruiting companies

Registrar

7	Counselling and the need for career guidance was insisted	The C.A.R.E (Centre for Ambitious and Resourceful Endeavours) was initiated by the department of Psychology was initiated within the campus. The centre helped the students to have access to counselling both career and personal. Students took self-assessment assignments
---	---	---

2. Teacher's Feedback Action Taken

The teachers response to various aspects with regard to relevance, content of the curriculum student placement and employability were analysed and based on their feedback, action were carried out which in presented in the following table.

S. No	FEEDBACK	ACTION TAKEN
1.	Inputs on updating and revision of syllabus was given by the teachers by keeping the industry trends as their nodal point.	The Board of Studies for each department conducted meeting annually wherein the feedback given by the subject teachers were put forward to the committee for consideration. Based on the expert comments of the BOS members, the committee took a final decision for the required revision of syllabus.
2.	The need for more practical sessions was stressed by the teachers to enhance the employability of students. Students can be industry ready only if they are exposed to real life situations in their class rooms and laboratories	More practical courses were included in the curriculum based on the feedback of the teachers. The quality of the existing practical courses were updated by introducing latest versions in the syllabi
3.	Teachers emphasised the need for more hands on experience in industries during summer vacations so that students get a firsthand experience of the needs of the industry during their course period and get themselves ready in their fields of interest	Internships were made compulsory for all students during summer vacations to give them a taste of industry requirements during their course period. This also enabled them to assess their standing in the industry and improve their potential with respect to their field of interest
4.	More assignments and presentations to be encouraged to improve the cognitive and communication skills of the students.	Students were motivated to do more assignments and presentations, as part of their curriculum. Greater component of continuous assessment marks were allotted for assignments and presentations

Registrar
Sri Satya Sai University of Technology
& Medical Sciences Sehore

SRI SATYA SAI UNIVERSITY OF TECHNOLOGY AND MEDICAL SCIENCES

5.	Teachers felt they needed exposure to broaden their research perspectives in newer and industrially vital focus areas by acquiring knowledge on new techniques and concepts. They suggested the management to provide hands on training to familiarize themselves with new instruments and concepts.	Hands on training sessions and workshops were organised to train the staff and research scholars to handle and operate high end sophisticated equipments. Signed new Memorandum of Understanding with industries and foreign institutions, to improve contributions to cutting edge research. Organised refresher courses, orientation courses, faculty improvement programmes, workshops, etc to enable the faculty to update their knowledge. Staff members were also encouraged to participate in training sessions conducted by other universities, institutions
6.	Organise training sessions on new teaching methods and upcoming subject areas	Organised faculty development programmes and national workshop on IPR. The need for patenting was stressed
7.	To improve skill set of staff to optimise ICT enabled teaching	Effective use of ICT (video conferencing, smart class rooms etc) were enhanced through in-house training sessions
8.	To provide opportunity to update knowledge in publication ethics, preparation and uploading of manuscripts for publication in peer reviewed journals	Organized two days Workshops on Scopus & Web of Science for research scholars and faculty members to enhance quality of publications
9.	Felt the need to have industrial experts to handle special sessions on industry oriented subjects for value addition	Special address by industrial experts were organized.

Director IQAC presented the agenda items for discussion:

Hon'ble Vice Chancellor Prof. R.P SINGH addressed all IQAC members and appreciated all IQAC members, Deans, HODs, faculties and Administrative Staff for their regular efforts towards enhancing quality of curricular, co-curricular, extra-curricular and other activities held in session 2018-19.

After taking feedback from students certain points were discussed and solutions were provided for them.

1. Student Feedback Action Taken Report

S. No	Particular	Action Taken
1	Exposure to develop entrepreneurial skills which will help them identify their potential was suggested	Entrepreneurship training and development by Indian Institute of Entrepreneurship training was introduced for postgraduate students. M.A in Women's studies and entrepreneurship was introduced. A Seven- day Faculty Training programme on "Women Entrepreneurship Development" was organised
2	Training for how to effectively prepare for personal interview and group discussions during recruitment was suggested	Trainings were arranged by the placement cell and communication skill and soft skill were strengthened. Activities that will enhance the communication skills of the students were encouraged
3	Skill development and job oriented courses were requested	Communication skills and soft skill trainings were given. Pre-placement trainings were given Mock interviews and tests were conducted The students were given guidance to how to prepare for bank exams, service commission exams and adequate training was provided for the same. The students were counselled for pursuing higher education and studies abroad In-plant training was given for the students from reserved category and economically weaker section. A special recruitment drive is organized for such trained students.
4	Teaching methods and teaching aids must be improved	ICT methods and smart boards were used for effective teaching. Computer centre promoted (FOSS) Free Open Source Software to all services will provided in the campus to runweb, mail, LDAP and MODLE
5	Exposure to latest developments and advances should be known to the students	Nearly 20 international speakers and more than 100 experts were invited to share their knowledge to our faculty and students This helped them to interact with the resource persons and weremotivated to do higher studies and take up jobs which has challenging future ahead.
6	Special mock tests covering the entire syllabus to enable the students to perform well in placement interview was suggested	This was arranged and the tests were conducted depending on the nature of the job and domain of the recruiting companies

7	Counselling and the need for career guidance was insisted	The C.A.R.E (Centre for Ambitious and Resourceful Endeavours) was initiated by the department of Psychology was initiated within the campus. The centre helped the students to have access to counselling both career and personal. Students took self-assessment assignments
---	---	---

2. Teacher's Feedback Action Taken

The teachers response to various aspects with regard to relevance, content of the curriculum student placement and employability were analysed and based on their feedback, action were carried out which in presented in the following table.

S. No	FEEDBACK	ACTION TAKEN
1.	Inputs on updating and revision of syllabus was given by the teachers by keeping the industry trends as their nodal point.	The Board of Studies for each department conducted meeting annually wherein the feedback given by the subject teachers were put forward to the committee for consideration. Based on the expert comments of the BOS members, the committee took a final decision for the required revision of syllabus.
2.	The need for more practical sessions was stressed by the teachers to enhance the employability of students. Students can be industry ready only if they are exposed to real life situations in their class rooms and laboratories	More practical courses were included in the curriculum based on the feedback of the teachers. The quality of the existing practical courses were updated by introducing latest versions in the syllabi
3.	Teachers emphasised the need for more hands on experience in industries during summer vacations so that students get a firsthand experience of the needs of the industry during their course period and get themselves ready in their fields of interest	Internships were made compulsory for all students during summer vacations to give them a taste of industry requirements during their course period. This also enabled them to assess their standing in the industry and improve their potential with respect to their field of interest
4.	More assignments and presentations to be encouraged to improve the cognitive and communication skills of the students.	Students were motivated to do more assignments and presentations, as part of their curriculum. Greater component of continuous assessment marks were allotted for assignments and presentations

5.	Teachers felt they needed exposure to broaden their research perspectives in newer and industrially vital focus areas by acquiring knowledge on new techniques and concepts. They suggested the management to provide hands on training to familiarize themselves with new instruments and concepts.	Hands on training sessions and workshops were organised to train the staff and research scholars to handle and operate high end sophisticated equipments. Signed new Memorandum of Understanding with industries and foreign institutions, to improve contributions to cutting edge research. Organised refresher courses, orientation courses, faculty improvement programmes, workshops, etc to enable the faculty to update their knowledge. Staff members were also encouraged to participate in training sessions conducted by other universities, institutions
6.	Organise training sessions on new teaching methods and upcoming subject areas	Organised faculty development programmes and national workshop on IPR. The need for patenting was stressed
7.	To improve skill set of staff to optimise ICT enabled teaching	Effective use of ICT (video conferencing, smart class rooms etc) were enhanced through in-house training sessions
8.	To provide opportunity to update knowledge in publication ethics, preparation and uploading of manuscripts for publication in peer reviewed journals	Organized two days Workshops on Scopus & Web of Science for research scholars and faculty members to enhance quality of publications
9.	Felt the need to have industrial experts to handle special sessions on industry oriented subjects for value addition	Special address by industrial experts were organized.

Conclusion

Thus the feedback given by the stakeholders were analysed and suitable action was taken so as to satisfy the expectations of students, parents and employers. This further helped us to improvise our curriculum as per the expectations of the stakeholders.

3. EMPLOYER Feedback Action Taken Report

The recommendations were presented to the Academic and Management Councils. The proposals were discussed. The following actions were taken:

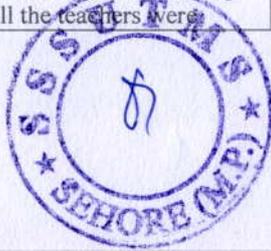

1. Introduced add-on courses for students to equip them for their profession.
2. Seminars were organized to familiarize the students with the latest developments.
3. More hours were allotted for practical in the time table.
4. Professionals from the field were brought to the campus for wider exposure.
5. Career guidance sessions were held for the final year UG students.
6. Industrial visits especially for BBA and journalism students was arranged professionally.
7. Made Parivartan, the professional agency in BHOPAL, for soft skill training
8. Explored the possibilities for more campus recruitment opportunities with WIPRO, TCS and news media firms.
9. Widened the scope of Placement Cell, asking students to submit the official registration form.
10. Introduced English Proficiency Certificate Course for all students. organization. Also, the 25% below par students were analysed to enhance their performances. NSS and NCC wing of university was issued notice to prepare a new plan for social activities. The 20% satisfactory & poorly marked students were spoken to by University and advised to participate more with their employers.

Employers' Feedback on Curriculum and Its Transaction

The feedback received from the employers on the curriculum and its transactions was consolidated, codified, and analyzed, and the findings were presented, along with suggestions and recommendations before the Department Staff Council, Academic Council and finally before the Management Council for necessary action. The feedback given was either excellent or good for all questions, though two other options (Satisfactory/poor) were also in the list

4. ALUMNI Feedback Action Taken Report

FEEDBACK	ACTION TAKEN	IMPACT
More exposure to field visits in curriculum	Formal instructions were circulated to all constituent colleges through competent authority for addressing the issue. All the teachers were	Teachers paid more attention to have more field visits and thus gave exposure to students for field visits.
